## Database Coverage List

Format: Online

837 = Total number of periodicals indexed and abstracted (698 are peer-reviewed)

584 = Total number of periodicals in full text (456 are peer-reviewed)

\*indicates that this publication was recently added to the database and therefore few or no articles are currently available.

\*\*Full Text refers to text only, and/or text with graphics, and/or full page image coverage.

**Please Note:**

Publications included on this database are subject to change without notice due to contractual agreements with publishers. Coverage dates shown are the intended dates only and may not yet match those on the product. A small number of titles are not available through some delivery systems due to publisher restriction in distribution. The numbers given at the top of this list reflect all titles, active and ceased. All coverage is cumulative. Due to third party ownership of full text, EBSCO Publishing is dependent on publisher publication schedules (and in some cases embargo periods) in order to produce full text on its products.
